

Made in Auglaize County Industrial Showcase

This year marks the 175th anniversary of Auglaize County, which will be celebrated throughout 2023. The 2023 Auglaize County Fair, to be held July 30 - August 5, will feature an Industrial Showcase entitled **Made in Auglaize County**. A similar showcase first occurred at the fair in 1998 during the Sesquicentennial of Auglaize County with more than 40 participating manufacturers. We hope to continue this success, 25 years later, with current businesses in Auglaize County. The 175th Celebration Committee and the Auglaize County Economic Development Coalition invite all industrial manufacturers and long-time Auglaize County businesses to participate in this special event at the Auglaize County Fair.

The showcase will provide a unique opportunity to learn about the history, people, and products of Auglaize County and how they play a role in the world market. Booth spaces are available on a first-come, first-served basis. Spaces are \$400 for a 10 ft. x10 ft. space and will include a tent, table, chairs, and two season passes. Spaces with electrical access are limited. Businesses must reserve their space by the first of June. Businesses are asked to staff booths from 11-8 PM each day so that the community can interact and ask questions about our industries. This special Industrial Showcase will also benefit and support a legacy project of the fairgrounds.

The ACEDC and 175th committee hope that your business shares in our 175th-anniversary celebration, which will promote the rich industrial history of Auglaize County and all that we look forward to in the future.

**To reserve a spot for your business at this special event during the fair,
please contact Auglaize County Economic Development Coalition Members:**
